My "night" begins in the morning. I tried using dark curtains used to block out the midday sun, but then my room was really dark itself, of course it would, so I gave up on that idea---

They're a deep blue, and they're made of thick cloth.

The curtains in my room are blue

But for some reason I stay hooked down in bed, not moving.

The light coming through the curtains is thus my room is like I often dream of water

Just listening to the sound of the rough-sea water

THE FIRST NIGHT

Says the Stars

No heels
are coming

Whaaa!!
You said
a braing?

Come to
think of it,
is dark kind
of dark like
one...

Says, hey,
could it be
a man?

Wow!
She's
so tall!

Says, look
at her!

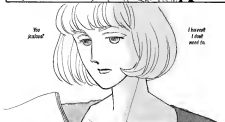

I wonder
if she's a
model?

She's
about 180
centi-
meters."

Wow... Got
these issues

BAR ARTHUR

I'm

Mama?

* Used to address the owner of a bar

Please
excuse our
inconvenience!

They're from
my depart-
ment at work.
They wanted
to see what the
place was like

Oh? What a
particular?

Well, she will
help them
learn some-
thing about
society, I
suppose.

'Welcome! Oh,
you've brought
some cute young
women with you
today!'

ダブルハウス

Can you
make me
one
or
something?

ダブルハウス

They're not
just in my skin.
They're in my
heart, too.

Oh,
Mama-chan.
What's
wrong?

I laughed
too much,
and now
tears are
dropping
in my foun-
dation.

Arg, Si-chan,
your mascara
is running. You
need to fix it.
This isn't a
horror fair,
after all.

That's
right!
Money
walks
right in
the door!

Take a
look in
the mirror!

What's a
horror
fair?

Yes!

Sorry back soon!
There are a lot of
customers who
want to see you.

Gracias,
mami!

ダブルハウス

He you brought
me here
to your place?

Yes.

It seemed
you couldn't
find the key
to yours.

You're
in an apart-
ment.

What?
Mustn't
there
be it?

Right? It's looking you
strange! Is it strange up
to this point if you're
just drinking?

You aren't a
stranger. And
you served me
the other night.

You— the store,
don't you? You
shouldn't bring
drunk strangers
into your apart-
ment —

I don't
care what
happens
to me.

That
doesn't
matter!

I can't imagine
that leaving your
bag in the foyer
of the building
and having sex up
in very conscious
behavior either.

ダブルハウス

I was a student up until just recently, but I work now. I do nighttime building cleaning. The job is a bit better than sleep's during normal working hours ---

By the way, you seem to stay out all night, do you? Aren't you a student?

Sometimes I trip and fall down the stairs. Pretty embarrassing, huh?

Oh, right! By the way, I have to find it. I don't remember dropping it, but...

It wasn't at the entrance of the railway

Now, I don't really understand it, but you look pretty like stalling ...

I tried to retake the entrance examinations next year of the year after class and go back to school, so I'm saving up right now.

Oh, no, I don't like it that much

I got joined
because I
was desperately
trying to blend in
and make
people think
I was a
normal boy.

Even the track
team... like
that a girl.

I always hated
bullying — all
my memories of
school are bad
ones.

What
wrong

But then I
ended up being
strongly
groomed as it,
and I even
made new
records.

...there was
someone I
could go

Like that
seconds when
you finally find
your designed
sake in a
kitchen that's
dark because
you got there
too late.

But now...

Anyway, I
had no choice
but to look
for a place
where I could
live without
having to be
anyone.

No matter
where I was,
at home, out on
the streets, in
the classroom,
or even in my
room... I
was always
scared.

At all
times.

It was
fun at
first.

Oh. And no
I'm working
on the bar
now. Please
don't be
concerned if
you'd like.

For some reason, even when
the bar is bustling, some-
times I still feel kind of like
I'm still back in that class-
room where I felt so lonely.

Are
you all
right?

Are you
okay,
Dye?

Oh found it!
Wow. So it
was in my
wallet all
along...

even though I
don't have to
be anyone.

ダブルハウス

It looks like you
were a happy
family, living in a
suburban house.
Why are you
living in such a
cheap little
apartment now?

That's right.
I don't care
there's any
chance of
that.

They won't
get a divorce?

Thanks to
the skill of
the photog-
rapher

We look
happy in
the picture

It's
true

So
why?

You'd never even
think to imagine
that my father
was a bastard,
that he even had
children with her,
and that he and
my mother are
separated

Even my mother
might feel towards my
father, she really
seems to like her
current lifestyle, so...

Their attitudes coincide in
this respect. My father is
an authority on educational
issues, so "a sound family"
is like his justice

Thank you,
I'll gladly accept it.

Well, you
never knew
unless you
ask. Now
you go.

Reverend

I may just be seeing
things from the wrong
point of a contrary child,
but I don't want to have
just a half-hearted,
"Well, that's how things
go," sort of understanding
of the situation.

My mother's
great love is
well-ordered
creaky.

You told
someone
like that in
your life?

I'm sure things
would have been
just perfect if I
had married the
man whom my
mother deemed
appropriate.

Yes,
once.

For the longest
time, it was like
I was just one
of my mother's
devoted

as on the table,
she would have a
perfectly-arranged
set of plates, sparkling
knives and
forks, seasonal
flowers, and me,
wearing one of my
mother's favorite
scoops for us.

ダブルハウス

I want to live my life under a golden Prause, but I realized one day that the people under the Prause were terribly poor.

In order to realize it, you had to rescue it from the Prause. That's what I'm doing right now.

Foreign, national-
ity, sex, things
like that... they're
all Prauses, aren't
they? They even
include the body
known as "I."
don't they?

And I have even less
than they do. Call her
a drag queen, a
transy, whatever you
want, just put me
into an established
genre of people. If I
don't have that, I'd
just be a Prause. I
couldn't stand that.

Not many people
are so blessed.
Real regular
people couldn't live
without Prauses.
They need some-
thing to put
themselves

You know, that
thing was
created by a girl
from an affluent
family, whose
pretty face and
slender shoulders
would lead anyone
to call her "cute."

ダブルハウス

But you don't really fit in the "usual" House either, do you?

I suppose

...But Akko-san, you didn't like being in the "usual" House, so you escaped from it, right?

That's right. And seeing particular women who are the perfect archetypes of the House really pisses me off. I wonder why?

Don't worry.

That sounds like a real talent as a complement, but it's actually a really lonely thing, isn't it? It's like I won't be able to figure out who I am anymore.

I thought so. You're the sort of person who doesn't settle for things, Akko-san. You don't need a House. Your picture is complete just on its own.

A... ah...
I can't
swim...

Oh, but please don't let it
bother you. Please think
of what I just said as
having all the experience
of a cat's paw. I know
that my feelings will
always be unrequited.

Wow, it's
already
dawn.

I'll give
you a job.
Please take
whichever
you'd like.

They're
very pre-
sented.
They're
perfect
for me.

Those girls
must be
pretty.

It's fine! Do
you want a
wheel one?
Or a real
one?

What? But
I feel like
you're
always
giving me
things.

Maybe we really
are a little bit
like each other

It is a
great idea

A traditional

Rice, for a change?

That could be fun.

May I

ダブルハウス

Your apartment was unlocked.

The water it would take you were there.

You drank yourself into almost total oblivion, then made it back here through some sort of miracle and managed to drag yourself up the stairs. Is that

It doesn't matter anyway. I already know how my life's going to go.

Am I not so loud? Your voice is ringing in my head....

That was the third time this month. You ought not be able to stop drinking. But you need to be careful about that.

She's started to smile.

Nothing exciting's ever going to happen to me. My parents abandoned me a long time ago. I'm just going to slowly turn into an old lady. Nobody will notice when I die.

ダブルハウス

I thought
you might
say that.
That's why
I picked
Mr. Eric
Partridge
here.

Maybe I'll
have some
after all. It
looks good.

Fu-
fu-fu-fu!

You've got every-
thing, outdoor,
open kitchen,
breakfast,
sauna, and
garden!

Oh, a
great
show.

You've
invited. I'd
like to hear
what Mrs.
somone is
telling, and in
my life.

If you say,
"Make room
with a good
wife someday."
I'll hit you.

Fu-fu-fu,
you really
will.

Kept. The reality isn't as pretty as the Fantasy. It's all a question of how good you can make things look.

Didn't I do those commercials with her Fantasy, where they're all smiling and happy?

The popular actor X'son may be having an affair! According to a women's weekly that went on sale today, X'son and the famous actress Moon are---

Don't talk that!

Why do married men have affairs?

Yes, yes.

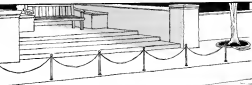

Sounds like my family.

Well, you'd better find a man who isn't like that, Fuyuko-chan.

ダブルハウス

It's on the way to the station— after you pass the bank and turn left.

Hope. Where?

Did you hear they opened up a new convenience store nearby?

That's good.

It's all new and pretty, and they have a real variety of magazines for sale.

ダブルハウス

Stink, because snacks and sweetened soups are half of my daily calorie intake.

But you used to have a lot of acne, and pimples!

Hehe.

I've always had delicate skin. I was born in the north.

Your skin has been looking good lately!

do it's broad!

But stink—stink, I didn't think you were a very good cook —

huh?

Food really is the key element of one's life stage. If you improve your diet, you'll see a lot of good changes: clear blood, and healthy

if I could only give up being drinking and start getting some sleep, I could get rid of the bags under my eyes.

**Whaaat

You're being wishy

ダブルハウス

She works night-

home at dawn and
sleeps until the
afternoon. Then eat
breakfast, after
she gets up, it's
pretty much the
same as my

But our schedules
are completely
opposite from
normal people's!

That's why I give
her free run of
apartment and
fridge to make
breakfast for
the two of us.

I love those
animal docu-
mentaries
they show on

love them.

You're so
sweet,
Peko-chan.

Oh,
spoons.

Well, I suppose
we complement
each other-- the
old answers
and classics.

Forever!

Is Peko-
chan here?

She doesn't live
a prestigious
life. She's
probably just
playing house for
a while-- I doubt
she'll stay long.

ダブルハウス

I bet it grows there.

Maybe not.

Maybe.

I think it might be arogata. Well, maybe not. But, if you think about it, it's not any kind of like weeds in Europe, aren't they?

Yes!

Yes!

Psycho-

I was

Yes?
Really?

I'm thinking of
going shopping
for some
clothes before
work today.
Want to come?

It may be quiet
in there, but it's
a clothes shop,
not a church.
Let's go inside.

She really
is a little

I know the

bride would wear.

Oh!

The clothes

sure the

know that.

Well,
that was
refreshing.
It doesn't
happen
often.

71

Hold this for
a minute,
Papa-cha!

**Hey!
Wait!**

*It was you,
wasn't it? You
were following
around my apart-
ment building the
other day! And
you asked for me
at the bar and
then disap-
peared!*

ダブルハウス

I'm
sorry, Ma-
am.

It's
me.

You've
got it all
wrong!

*And today, you've
been swanking
around, spying on
me! Why are you
doing this? Tell me!*

It's
because
of me.

I... you're going out with that friend, I can't even tell if it's a man or a woman—

We just live in the same house—

You're got it wrong, you know

You sound sad!

If I'd known what you were like before, I never would've agreed to a date with you in the first place

Now I'm glad we broke off our engagement.

Angry!

Pinder don't butt in!

A reminder for the poor souls it contains a second shorter text page

What do your parents think of all this?

When I think what you could've ended up as a member of my family, it gives me the creeps

But her family didn't seem to understand it
was over. They kept
trying to push the
engagement forward on
their own, and things
got a bit complicated—

We were never
even engaged.
He was all of two
years. I turned him
down immediately
after the second
wedding.

But the minute I
tried to get a word
in regarding an
invitation to agree
with me on some-
thing, he'd turn me
down.

God, while we
were talking, I
realized some-
thing. If I just
nailed and
nodded, he
was happy.

So it was
cheerful but
surface, and a
good conversa-
tionist to
boot.

Was he a
cockard
right from
the begin-
ning?

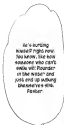

And I thought
to myself: "I
couldn't even be
friends with
this person."

Our conversa-
tions ended up
being me basically
just talking to
me—talking down
to me, really— the
whole time — he
was just the big
brother.

Yeah, I see
what you
mean.

ダブルハウス

It's a really depreciable tactic. It's what the wicked people do when they want to divert attention away from themselves.

So he's looking for people to look down on so he can make himself feel better. He's drowning, and he wants to push someone else down to get the leverage to get back to the surface.

We'll have to be on our guard.

But from the way he acted today, I don't think he'll get over this anytime soon.

You've done nothing wrong. Worrying over things like that will only get you down.

It's not even that hard to understand.

Okay, then! Let's put on that happy stuff behind us! This was the highlight of our day!

Over!
I wanna see,
I wanna see!

Maybe I'll try it on again!

See.

ダブルハウス

What
are
you?

What—

But how should I
answer that? Well,
I don't really
want to answer
a question about
biology—

Oh, yes. What's a
deep question,
considering
your kind of
inhabitation

And I sort of
get what she
means, though
I don't com-
pletely under-
stand it.

but that I
don't really
need down-
sizing the
shell.

Fujita-chan
would say
that I want
to be in the
"vacuum"
Proust.

Excellent Posing,
excellent grades,
excellent job, even
excellent socializa-
tion... Your Posing's a
great, four-star
offer! But people are
so blinded by it---

Compared to
me, your
Posing must
really be
significant.

**Shut up!
What the
hell do you
know?!**

that the
picture needs
the Posing is
pathetic-- it's
boring and
insubstantial.

Shut, they
don't
notice.

I'd stick to
that sort
of vision
from now
on if I were
you.

It was just a case
of bad luck, really.
There are thousands
of women out there
who don't care
about the picture as
long as it has a nice
graced Posing.

We won't know until we try.

Maybe they'll wake with the break.

Why don't we try asking the day's grievances department? Asking them to turn down the radio is better than asking the place on fire.

forward
to, then

Yes

...right,

Did you
cut your
hair
again?!

Now, how
would you
feel about
catering for
breakfast?

I was just
waking

Hehehe

Our guest today is Tim
Kiyoko-san, whose mark
as an entertainer... and
a wonderful mother...
keeps her very busy

Oh I do
sort of
remember
that

Yes, isn't that
woman... can be
an idol singer?
She wasn't very
popular, but...

ダブルハウス

It's because I
love such a
sweet, gentle
nature. ---
Plants can
pick up on that
sort of thing.

Don't worry.
You're good
with flowers,
Raku-san.

I'll take it,
then.

And these
pink ones are
also too.

Better show. It's
a climbing rose, so
if you put it on a
pergola¹, it really
looks like a rose. It's
quite magnificent.

What are those
pink roses
called?

It's elegant
and gorgeous. I
think it would be
perfect for you.

I
heard
it.

Did you
hear that?
Did you
hear that?

¹ A kind of framework that
supports climbing plants.

Here,
Mama!

Should
I?

Is it I got them at the
pans Fair-- they had
good prices on our
flowers too. Well, next
year I ought really be
able to bring in flowers
from my own garden.

Oh, how
pleasant--
they're won-
derful. Where
did they
come from?

I grew
them in my
garden.

Koko-
chan?

What? You want the
magic app? ... Well, if
you're sick, I under-
stand ... But what's
Koko-chan?

What?
Again?

I'm sure
she's suf-
fering from
the stress

She said
she needed
a sick day,
but there
was some-
thing going
about it.

She hung
up ...

Shek she
got dropped
again

It was
just, losing
some fun

Give me a break!
Anyone could tell
these women's
going to work out
between them!

Probably

here before?

Yeah, it
could be
a little
stuffy.

Well, I do get that,
and I think it's a
beautiful thing, but
it's not realistic.

All
right.

She sounded
really upset. I'm
a little worried.
Could you go and
check in on her
tomorrow.
Maka-chin? You
love her, right?
Don't you?

ダブルハウス

It's fine.
We'd be
doing as
she ordered.

Are you
sure you'll all
right for me
to come
with you?

Just be
careful with
a smile on
your face.
That'll be
enough.

Do you
really
think I'll
be of any
help?

Broader,
get some
the
weather.

Appear-
ingly
she's dis-
appeared
right now.

What?

I assumed you
to look-
before, and she
asked me
to visit you.

If a dream
is impossible,
you're happier
not having it at
all -- at the very
least, you can
avoid going
through some
painful things.

---Believe me,
I know I can't
keep on repeating
this foolishness
forever.

"Then she
looks?"
Mama's so
satisfied!

---But
some looks
I forget.

We want you
to get back
on your feet
and come
show your
style to the
bar again.

down soul like
this ---

what it was

long for

Tell Akasa I'll be taking a few days off, and guess I'll be back when I've polished myself up a bit

Okay, will do

Don't say it if you're old, then what else should Akasa?

Oh, dear. Kase wouldn't let me!

Big rebellious breasts are almost like the next thing, I see, Paul. Then...

You know, Kase-chan, I may look like a washed-up old fading star, but just wait. Makeup and a dress on me, and I'm a whole new woman...

Good-morning!

Akasa-chan might be beautiful, but unfortunately, she's just a nurse and bore

It's so nice!

He's so great

Thank.

I put the leftover vegetable soup in the refrigerator.

Oh, it's so bright it's really nice out today.

There'll be a new garden soon.

Haven't they just? Maybe I really do have some talent for this.

The roses have really taken root.

ダブルハウス

Arg, did you put anything on your face, Ryoko-chan?

Pronto.

Oh, I'm sorry. I'll go ahead and use it, then.

You kids put off rage and its other siblings right now. Here, put that on. It's 400% off!

But she may be too gentle of a person to withstand the wildly twisted sort of lives we have to lead.

Yes, she is.

She's a very kind person.

We're all waiting for her to come back, don't...

Will she be able to hold up under the pressure?—

As I'm a little worried about her.

I'm sorry
I made
you
worry.

I'm so glad
to see you
back here!

?!

Oh-
san!

How god
gives her
to me

The
truth
is...

Oh, I see. That was a
joke. That was a joke.
What's it? ... do what's
like real story? Did
someone tell you to
take care of their child
for them?

Oh
a girl
brock

I understand
how you feel,
Koko-san. But the
baby is real. You
and you can't
somewhere
Where? Tell me

I didn't feel like
doing anything.
Even just being
and golden
tadpole.

I was just putting
on a brave front
before when I
told Koko-san
I'd get over it. ---

And then I
saw her. When
our eyes met, it
was like the
dark clouds all
disappeared

*There's no way
that could happen!
Her parents were
the sort of people
who'd leave a baby
on a bench out in
the blazing sun!*

*Why? Isn't it obvious?
You don't know what
could be going on with
her! And her parents
could have changed
their minds and come
looking for her.*

*Why
would I?*

*Oh, did she
scare you?
I'm sorry,
Machiko-
chaaaaan.*

*Do you need
your diaper
changed?
Ah, look!
Isn't you
done?*

*That's not
the problem,
Koko-chan!
If you
don't---*

*Don't worry, I'm
pretty confident
that I can do this.
I took care of my
younger siblings
all the time.*

It would be
bad for her
too, too,
but

That's right. This is
certain. If things
turn bad, Noko-chan
could be in real
trouble. She'd be
terribly hurt, too

Noko-chan
Noko-chan

She seemed very
determined...
but we can't just
step back and
let her do this

Says, says
What should
we do?

I have to
do it!
Agree?

Yes, exactly! So
please, persuade
Noko-chan to inform
the police right
away!

Please!
You'll do
it, right?

Well, Noko-chan, I'm
asking you because I
know that you have a
good personality even
though you're bristly, and
that you're popular
even though you have a
sharp tongue, and that
you can't stay so

Yes, dear! I'll

Though
I've heard
they're
bad for
the envi-
ronment.

Disposable
diapers
certainly
are handy!

Oh!

Oh!

Oh!

Cloth diapers used to be the only
choice, years ago. My mother really
had a rough time of it! She had a lot of
kids, so there'd be tons of diapers
hung out to dry in her garden. I
remember pushing through them like
curtains as I ran around.

No!

I know, but a baby isn't a thing "finders keepers" doesn't apply here.

Bob...
I found...

So if I lose her now, I'll disappear again. I'll sink back into nothing.

I wonder what I found again? When I held her in my arms, I felt like I was holding water for the first time in my life.

It feels
strange to
love her.

The only
thing I
need

I tried to prepare myself for her words

Then I'd be an accomplice to kidnapping

I was half-afraid she'd take "Machopunch" and run

That was a relief

Well, Koko-san kept her promise in the end

Seems so cool, Koko-san. That must have taken courage

It must have been hard for her

Why did she abandon the baby?

The baby's mother turned up after a week. It's weird that she was, I suppose... for the time being, at least

ダブルハウス

Maybe she would've been broken off with Koko-san.

I wonder if "Hatchao-chan" will have a happy life...

The baby's father is addicted to gambling, and her mother is lacking... apparently they have a lot of other problems, too...

No, that's totally out of the question.

Could it be because her father parents or something like that?

Well, I don't know...

In the end, there's things like "lean" and "woman," or "mother" and "father," just suppose? Are they really that important?

Well, there should be she's indeed an A sign on her family register, but she kind of looks like a woman. Would she be the girl's mother or father?

Why?

He's love what's really important? To love one's child broadly and deeply?

Gravely may be
human, but if you
close off the possi-
bility of things hap-
pening, they really
never will.

I'm sure a lot of
advancements will
be made in science
and medicine in
the future.

Ideally, yes, but
reality doesn't
always work that
way. Most people
think that's a
"reality" of sorts.

I may think of myself
as a woman doing
research, but I'm not
good with children. I'm
not predisposed to
taking care of them.

Maybe you'll get
the chance to
really be a
mother yourself,
Noboru-san.

Now I'm
more sure
than ever.

That would
be a little...
fun.

You have nothing to worry about, really. There are plenty of biological women who are just like you. It's perfectly natural.

Really...?

But I'm a little worried now-- it feels like I've lost another piece of my identity.

No, I suppose you're right.

Well, I can't say I'm surprised. You did happen to see Pore in the elementary school.

But someone like Koto-san ought to be a harem regardless of gender.

I'm half happy, half sad. It's a complicated feeling...

She's over-flowing with it. It's like an ocean.

Yeah, she was probably born full of love that she'd end up bestowing on other people.

Oh! There's
a dog on
the roof!

Oh, not that
one of my
dear little
flowers!

It won't
get away
with
anything!

Compared to
her loss, mine
is like a little
puddle of
water!

...then,
is that so?

Well, a watering
can full is enough
to make roses
grow.

Well,
whatever.

So I've used up
all my love on a
rose garden for
the veranda.
That's about
all of poetry.
